## GENERAL PROGRAM GUIDELINES

### I. **OVERVIEW:**

The goal of the MCLUP Program is to provide financial assistance to defray expenses of crime laboratories. Such funds are distributed to the crime laboratories serving the courts of the State of Missouri making analysis of a controlled substance or analysis of blood, breath, or urine in relation to court proceedings.

### II. **FUNDING ALLOCATION:**

Funds are appropriated and collected pursuant to [Section 488.029 RSMo](#), which requires a surcharge of \$150 be assessed and collected in all criminal cases for any violation of drug offenses (formerly Chapter 195, RSMo) in which a crime lab makes analysis of a controlled substance. These fees are deposited in the State Forensic Laboratory Account.

In addition, pursuant to [Section 595.045 RSMo](#), which created the “Crime Victims’ Compensation Fund”, a surcharge of \$7.50 shall be assessed as costs in each court proceeding filed in any court in the State of Missouri in all criminal cases, including violations of any county ordinance or any violation of criminal or traffic laws of the State, including an infraction and violation of a municipal ordinance. An annual deposit is then made to the State Forensic Laboratory Account from these fees.

The sum of the drug conviction fees and the Crime Victim Compensation Fund annual deposit is the total amount available to the eligible applicants.

### III. **ELIGIBLE APPLICANTS:**

Crime laboratories that serve the courts of the State of Missouri, making analysis of a controlled substance or analysis of blood, breath, or urine in relation to a court proceeding, are eligible for assistance from the MCLUP funding opportunity.

To serve the courts of Missouri, the crime laboratory must be accredited to the standards established in ISO/IEC 17025 “General requirements for the competence of testing and calibration laboratories”.

The applicant agency for the crime laboratory must be its respective unit of state or local government.

To be eligible for state funds, the applicant must be in compliance with the following state statutes<sup>1</sup>, where such apply to the applicant:

☐ [Section 43.505 RSMo](#) – Uniform Crime Reports

Pursuant to 43.505.3 RSMo, every law enforcement agency in the state shall (1) submit crime incident reports to the department of public safety on forms or in the format prescribed by the department; and (2) submit any other crime incident information which may be required by the department of public safety.

---

<sup>1</sup> The summaries provided above are reflective of language as of the time of solicitation posting. If changes occur with the state laws, applicants and grantees are required to abide by the respective changes.

**NOTE: It is the responsibility of the applicant to check the status and submission of such reports with the Missouri State Highway Patrol (MSHP) prior to submitting an application. A copy of such reports need not be submitted with the application.**

☐ **Section 590.650 RSMo – Vehicle Stops Report**

Pursuant to 590.650.3 RSMo, (1) every law enforcement agency shall compile the data described in subsection 2 for the calendar year into a report to the attorney general and (2) each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.

**NOTE: It is the responsibility of the applicant to verify the submission of this report with the Attorney General's Office prior to submitting an application. Failure to submit the 2019 Vehicle Stops Report will result in the automatic denial of the application. A copy of such report need not be submitted with the application.**

☐ **Section 513.653 RSMo – Federal Forfeiture Report**

Pursuant to 513.653.1 RSMo, law enforcement agencies involved in using the federal forfeiture system under federal law shall file a report regarding federal seizures and the proceeds therefrom. Such report shall be filed annually by February fifteenth for the previous calendar year with the state auditor's office.

**NOTE: It is the responsibility of the applicant to verify the submission of this report with the Missouri State Auditor's Office prior to submitting an application. Any law enforcement agency that intentionally or knowingly fails to comply with the reporting requirement shall be ineligible to receive state or federal funds which would otherwise be paid to such agency for law enforcement, safety, or criminal justice purposes. A copy of such report need not be submitted with the application.**

☐ **Section 590.700 RSMo – Written Policy on Recording of Custodial Interrogations**

Pursuant to 590.700.4 RSMo, each law enforcement agency shall adopt a written policy to record custodial interrogations of persons suspected of committing or attempting to commit felony crimes as outlined in subsection 2 of this section.

**NOTE: It is the responsibility of the applicant to ensure the prescribed written policy is in place prior to submitting an application. A copy of such policy need not be submitted with the application; a copy will be requested during site visit monitoring.**

☐ **Section 43.544 RSMo – Written Policy on Forwarding Intoxication-Related Traffic Offenses**

Pursuant to 43.544.1 RSMo, each law enforcement agency shall adopt a policy requiring arrest information for all intoxication-related traffic offenses be forwarded to the central repository as required by [Section 43.503 RSMo](#) and shall certify adoption of such policy when applying for any grants administered by the department of public safety.

**NOTE: It is the responsibility of the applicant to ensure the prescribed written policy is in place prior to submitting an application. A copy of such policy need not be submitted with the application; a copy will be requested during site visit monitoring.**

## **VII. PROJECT PERIOD:**

The 2021 MCLUP project period is June 1, 2020 through May 31, 2021. Requests for extensions to this project period are not allowed.

All funds must be obligated and all proposed activities must be performed within this project period. Funds are considered “obligated” when a legal liability to pay a determinable sum(s) for services is incurred, which will require payment during the same or future period.

Funds which have been properly obligated (or can be pro-rated) should then be expended within 10 days following the project period end date (June 10, 2021). Funds are considered “expended” when payment is made.

Any funds not properly obligated or properly expended will lapse and revert back to the Missouri Department of Public Safety.

## **VIII. LOCAL MATCH REQUIREMENT:**

There is no local match requirement on the MCLUP funding opportunity.

## **IX. SUPPLANTING:**

Supplanting is defined as taking the place of or replacing with something else.

Supplanting, or shifting money to avoid the issue of supplanting, is strictly prohibited. MCLUP funds must be used to supplement existing funds for program activities and will not be awarded towards budget items that are and will continue to be funded by another source of money. MCLUP funds shall be used to fund new projects, expand/enhance existing projects, or continue a funded project.

Subrecipients shall not use MCLUP funds to pay for programs or expenses that they already are obligated to pay or have funded in previous years without proper and adequate justification. If an existing personnel position receives grant funding, the position must be back-filled as the agency has an obligation to continue funding the same number of employees.

Refer to the “Application Instructions-Supplanting” section of this solicitation for more information and for examples of supplanting and non-supplanting.

## APPLICATION INSTRUCTIONS

### I. HOW TO APPLY:

Applications for MCLUP funding must be submitted online via the Missouri Department of Public Safety WebGrants System at <https://dpsgrants.dps.mo.gov>. WebGrants is a web-based computer application that will support the application and administration of grants available from the Missouri Department of Public Safety, Office of the Director.

Organizations registered within WebGrants, login with the User ID and Password previously provided to you during the registration process. (If you have misplaced or forgotten your login information, utilize the 'Forgot User ID' and/or 'Forgot Password' tools on the login screen of WebGrants to retrieve such information. The Missouri Department of Public Safety staff is unable to retrieve such sensitive information, but if you have trouble retrieving your login information, contact a staff member of the Missouri Department of Public Safety as listed on the cover page of this solicitation.) And then complete the following steps before you start your application:

#### 1. **Verify your Work Information**

Under the 'My Profile' module of WebGrants, review all work-related information provided. Click 'Edit' where necessary to update or correct any of your work information.

#### 2. **Verify your Organization Information**

Under the 'My Profile' module of WebGrants, click on your department's name under the Associated Organizations section and review all information provided for your applicant agency. Click 'Edit' where necessary to update or correct any organization information, including the DUNS number or the SAM/CCR CAGE Code and Expiration Date, which derives from the System for Award Management (SAM).

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. Obtaining a DUNS number is a free, one-time activity. Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify your DUNS number. If your organization does not know its DUNS number, visit <https://www.dnb.com/>.

**NOTE: While the DUNS number is necessary to track entities receiving federal funds, and MCLUP monies are state funds, the DUNS field is required of all organizations registered within WebGrants and therefore must still be maintained.**

SAM stands for System for Award Management and is a Federal Government owned and operated free website that centralizes information about grant recipients. Federal guidelines require that applicant organizations must (1) be registered in SAM.gov prior to submitting an application; (2) provide a valid DUNS number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active award. To register in SAM or to renew or update an existing SAM registration, visit <https://www.sam.gov>. Upon successful registration with SAM, the applicant organization will be assigned a unique 5 character CAGE Code consisting of numbers and letters. (Prior to SAM, the Federal government utilized CCR. CCR stood for Central Contractor Registration. Upon successful registration with CCR, the applicant organization was assigned a unique 5 character CAGE/NCAGE sequence consisting of numbers and letters.) Obtaining a SAM CAGE code is a free activity but organizations must renew a SAM registration every 12 months. Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify the applicant agency's SAM CAGE code. If your organization does not know its SAM CAGE code or needs to register for one, visit

<https://www.sam.gov>. Or if your organization's SAM registration has expired (or soon will expire), visit <https://www.sam.gov> to renew the registration.

**NOTE: While SAM registrations are required for entities receiving federal funds, and MCLUP monies are state funds, the debt and exclusion information available from SAM is used in the MCLUP application review process and therefore is still needed.**

**NOTE: Do NOT change the entry of your Applicant Agency name as it has been entered in such a manner to distinguish your project from other projects by the same applicant agency.**

### 3. Verify the Registered Users Associated with your Organization

Under the 'My Profile' module of WebGrants, click on your department's name under the Associated Organizations section and review the registered users associated with your organization. If it is necessary to update or correct any information provided for a user, be sure to make those changes as described below.

If it is necessary to add additional registered users from your organization, click 'Add' under the 'Registered Users' table. Additional users added by an already registered user are not subject to approval by the Missouri Department of Public Safety.

**NOTE: As users are added to WebGrants, they are not automatically associated as a contact to your organization's grant(s). Therefore, if you have an open grant(s) and want the additional registered user to receive notifications from WebGrants regarding the grant(s), you are required to submit a *Change of Information Form (Appendix A)* to your DPS Internal Contact via the "Correspondence" component of the grant(s) in WebGrants.**

If it is necessary to remove registered users from your organization, please contact a staff member of the Missouri Department of Public Safety as listed on the cover page of this solicitation so the individual can be properly removed from contact lists and deactivated from WebGrants.

**NOTE: For security reasons, do not share your User ID and Password with other users. Each individual should maintain his or her own login information. In addition, do not reuse the profile of a previously employed individual as it affects the record keeping within WebGrants for previous grants. Finally, if you have an open grant(s) and need to remove a registered user from WebGrants, you are required to submit a *Change of Information Form (Appendix A)* to your DPS Internal Contact via the "Correspondence" component of the grant(s) in WebGrants.**

### 4. Create an Application

Once the above process has been completed, you are ready to start your application. On the Main Menu screen of WebGrants, click the 'Funding Opportunities' module and then click the appropriate funding opportunity.

Returning applicants to the MCLUP funding opportunity have the option to 1) 'Copy an Existing Application' or 2) 'Start a New Application'. As presumed, copying an existing application will allow the applicant to copy forward information from a previously submitted application, thus reducing time re-entering same or similar information, and starting a new application will allow the applicant to create an application from scratch.

Please keep the following tips and instructions in mind while completing an application:

- ✓ Proper capitalization and sentence case is requested when typing each application form. Do not turn on 'Caps Lock' and leave on your 'Caps Lock' when filling out the application forms. The use of 'Caps Lock' throughout the forms makes it difficult to review the application and creates issues when data is extracted from WebGrants and merged into external documents, reports, etc.
- ✓ Each form has required fields indicated by a red asterisk (\*). Forms can be saved without completing each required field, but the form cannot be marked complete without completing each required field.
- ✓ The MCLUP application consists of 9 forms. Each form must be 'Marked as Complete' before the application may be submitted.

**NOTE:** A form that has been marked complete is still editable until the application is submitted. A checkmark in the 'Complete' column will not prevent you from editing information on the form. An application may not be submitted, however, until a checkmark exists in the 'Complete' column for every form.

- ✓ WebGrants is programmed to automatically close the funding opportunity based on the application deadline stated in the solicitation. Late applications will not be accepted for circumstances such as illness, bereavement, internet connection issues, broken scanners, staffing conflicts, emergency responses, etc. Therefore, start early and submit prior to the application deadline!

## II. APPLICATION FORMS:

### **FORM #1: GENERAL INFORMATION**

The purpose of this form is to identify the primary contact, project title, and organization.

- **Primary Contact:** this drop-down field will pre-populate with the name of the individual associated with the login information. This individual may be any person associated with the proposed project and will be the general point of contact regarding the written and submitted application.

**NOTE:** This individual will be the **ONLY** recipient of emails generated by WebGrants during the application, review, and negotiation (revision) phases so chose carefully. If the appropriate individual is not an option, contact a staff member of the Missouri Department of Public Safety as listed on the cover page of this solicitation.

- **Project Title:** enter a carefully chosen, brief descriptive title for the proposed project.

**NOTE:** Do not use the funding opportunity or grant title as your project title; the funding opportunity name will already appear on all documents and screens. In addition, do not include your organization name as your project title; your organization name will already appear on all documents and screens. Choose a project title that is meaningful to you and your organization.

**If the project is a continuation of a previously funded project, use the same project title as the previous year.**

- **Organization:** this drop-down field will pre-populate based on the organization associated with the selected primary contact person. If an individual is registered in WebGrants and is associated with multiple organizations (e.g. grant writer), the user may see more than one option for this question and will need to select the respective organization.

**NOTE: If the appropriate applicant agency is not an option, contact a staff member of the Missouri Department of Public Safety as listed on the cover page of this solicitation. The applicant agency may need to be added as a new Organization in WebGrants and/or the individual associated with the login information may need to be associated to the existing Organization. Do not select an inappropriate applicant agency simply because the appropriate option doesn't exist, and do not edit the applicant agency name on file as it may affect previously submitted application and grant records.**

## **FORM #2: CONTACT INFORMATION**

The purpose of this form is to collect the names and contact information for the individuals that will be responsible for the oversight and administration of the proposed project.

**NOTE: The only exception to the requirement for Authorized Official, Project Director, and Fiscal Officer is Kansas City due to the Board of Police Commissioners organization.**

- **Authorized Official:** the individual who has the authority to legally bind the applicant into a contract.
  - If the applicant agency is a city, the Mayor or City Administrator (as applicable to the agency's structure) shall be the Authorized Official.
  - If the applicant agency is a county, the Presiding County Commissioner or County Executive shall be the Authorized Official.
  - If the applicant agency is a state department, the Department/Division Director shall be the Authorized Official.

**Benefits Justification**  
*If personnel benefits are not included in the budget, skip this section.*  
*If personnel benefits are included in the budget, provide justification for each fringe benefit (preferably in the same order as the fringe benefit is listed in the budget category) to identify the cost and why it is needed.*

If personnel benefits are included in the budget, provide justification for each fringe benefit (preferably in the same order as the fringe benefit is listed in the budget category) to identify the cost and why it is needed.

If a premium or rate change may occur during the project period and a separate line is included in the budget to reflect such change, indicate the effective date of change and the reasoning for such change.

For example:

Dental Insurance is contributed by the employer to Delta Dental at a rate of \$5.00 per month per employee to provide coverage for oral care.

FICA/Medicare is contributed by the employer to the IRS at a rate of 7.65% as set by the federal government for contributions for Social Security and Medicare.

Life Insurance is contributed by the employer to Assurant Insurance at a rate of \$10.00 per month per employee to provide coverage in the event of death of the insured person.

Medical Insurance is contributed by the employer to United Healthcare at a rate of \$100.00 per month per employee to provide coverage in the event of illness or injury to the insured person. Premiums are based on the calendar year and are expected to increase to \$120.00 per month per employee on January 1, 2021.

Pension is contributed by the employer to the Missouri Local Government Employees Retirement System (LAGERS) at a rate of 8% of salary as a tax deferred savings vehicle that allows for the accumulation of a fund for later use as a retirement income. Each year, the LAGERS contribution rate is re-evaluated and traditionally increases. Therefore, the rate is anticipated to increase on January 1, 2021 to 9%.

Unemployment Comp is contributed by the employer at a rate of 1.2% of the first \$11,500 of salary in the calendar year to provide employees, whose jobs have been terminated through no fault of their own, monetary payments for a given period of time or until they find a new job.

Workers Comp is contributed by the employer to the Missouri Association of Counties (MAC) at an approximate rate of 2.44% of salary to provide wage replacement and medical benefits to employees injured in the course of employment.

**NOTE: While important to clarify the percentage or premium per employee, it is recommended that agencies refrain from repeating the calculations outlined in the Personnel Benefits budget category to avoid discrepancies in the budget category and the budget justification.**

John Smith	Chemist	22.00	200	100	\$4,400.00

**NOTE: The text entered under the NAME column and the percentage entered under the % OF FUNDING REQUESTED is how the line item will display on the Claim-Reimbursement form if your application is successful.**

If a change in overtime pay rate may occur during the project period, a budget line item should be included to reflect the initial overtime hourly pay and to reflect the change (increase or decrease) in overtime hourly pay. The following is an example to aid in the completion of the Personnel Overtime budget form:

## I. TRAVEL/TRAINING:

Include any travel or training related costs for which funding is requested.

Travel or training related costs may include, but not be limited to: airfare/baggage, airport parking, lodging, hotel parking, meals, registration fees, rental car and fuel, mileage, shuttles, taxis, tolls, etc.

Due to the uncertainty of shuttles, taxis, toll roads, and parking, a “Miscellaneous” line tied to a particular travel event can be included within the budget to lump these variable expenses.

Travel should be in the most direct, practical route with prudence to the use of state funds! Travel is often part of the job and travel arrangements and payments are intended to be neutral to the Subrecipient with no advantage or benefit to the Subrecipient.

The State of Missouri has an established travel policy. Because the Missouri Department of Public Safety is the state administering agency of the MCLUP monies, reimbursement of grant expenditures shall adhere to the travel policy adopted by the Missouri Department of Public Safety. Therefore, Subrecipients may be required to adhere to their local travel policy (per their department guidelines), but Subrecipients are encouraged to adhere to the state travel policy (where possible) because reimbursement of allowable grant expenditures will be handled pursuant to the current version of the “DPS Subrecipient Travel Guidelines”, which can be found at <https://www.dps.mo.gov/dir/programs/cjle/mclup.php>.

Travel/Training

1. Itemize travel or training expenses by event or type. Repeat this step to include each expense.

2. Tuition or registration fees should be included on this form, but Consultant or Trainer Fees must be included under the Contractual budget category.

3. Travel must be by the most direct, practical route. The amount of mileage allowance shall not exceed the state's mileage allowance rate, which can be found at [www.oa.mo.gov](http://www.oa.mo.gov). Lodging expenses shall adhere to federal per diem rates, which can be found at [www.gsa.gov](http://www.gsa.gov). Meal expenses shall adhere to state per diem rates, which can be found at [www.oa.mo.gov](http://www.oa.mo.gov). Incidentals will not be allowed.

4. The Total Cost will automatically calculate as Unit Cost x Duration x Number x % of Funding Requested.

Select the applicable travel-related cost to include in the budget. This field is necessary for DPS reports.

### **FORM #5: STATEMENT OF THE PROBLEM**

The purpose of this narrative form is to define the problem you will be attempting to impact with the project for which you are requesting funds. This information provides the grantor with a basic understanding of the problem(s) that the crime laboratory faces and the issue(s) that will be addressed, as well as to provide facts to support the problem references.

On this form, in a narrative format, provide the following information:

- ☐ The problem(s) being addressed by the use of the funds being requested.
- ☐ Facts and statistics on lab activity (e.g. number of cases processed, types of cases processed, and number of backlogged cases).
- ☐ Existing resources (or the lack thereof), demographic and geographic specifications, etc. to demonstrate a need for funding.

### **FORM #6: SUPPLANTING**

The purpose of this narrative form is to address the issue of supplanting. Supplanting is defined as taking the place of or replacing with something else. Supplanting is strictly unallowable under this grant program. State funds cannot be awarded towards budget items that are and will continue to be funded by another source of money. State funds shall only be used to supplement existing funds for program activities, and as a result, the grantor must collect this information to ensure supplanting does not exist. Potential supplanting will be the

subject of justification provided in the grant application and monitoring by the Missouri Department of Public Safety.

On this form, in a narrative format, describe whether or not other federal, state, or local funds are available to the applicant agency for the purpose of the requested funding. Be specific!

If any of the following factors apply to the proposed project, provide information to address the factors that apply:

- ☐ If other federal, state, or local monies are available (e.g. DNA grants, General Revenue, etc.), please address why MCLUP funding is being requested.

**NOTE: All applicant agencies have a local operating budget (whether it is sufficient or not) and as such would need to address why MCLUP funding is being requested for the project.**

- ☐ If the application includes existing costs (i.e. funded by an existing source of monies), explain how those costs are currently being funded and if and when that funding source will cease.

**NOTE: Existing costs include, but are not limited to, costs for continuation projects currently funded by MCLUP. Need to clearly identify the existence of such financial assistance and when such grant funds cease.**

- ☐ If program income is anticipated or could be generated as a result of the grant-funded project, explain how those monies will not supplant MCLUP funds.

Supplanting

Supplanting\*

*Describe whether or not other federal, state, or local funds are available to the applicant agency for the purpose of the project. Be specific!*

*If any of the following factors apply to the proposed project, provide information to address the factors that apply:*

- If other federal, state, or local monies are available, please address why MCLUP funding is being requested.*
- If the application includes existing costs, explain how those costs are currently being funded and if and when that funding source will cease.*
- If program income is anticipated or could be generated as a result of the grant-funded project, explain how those monies will not supplant MCLUP funds.*

Examples of non-supplanting:

- For FY21, City A appropriates a total of \$500,000 for crime laboratory activities, including salary and benefits for 30 lab personnel. In FY21, City A is awarded state MCLUP funds, which it uses to hire 1 lab personnel, in addition to the 30 lab personnel hired with local funds. City A expends all of the \$500,000 in local funds appropriated for FY21 for crime laboratory activities.

In this scenario, City A has not used MCLUP funds to supplant local funds, but rather has used the funds “to increase the amount of funds that would, in the absence of state funds, be made available for crime laboratory activities”.

2. For FY21, City B appropriates a total of \$500,000 in local funds for crime laboratory activities, of which \$15,000 is budgeted for upgraded equipment. In FY21, City B is awarded state MCLUP funds. It uses the state funds to purchase the upgraded equipment and uses the \$15,000 in local funds originally budgeted for equipment to hire a part-time latent print examiner. Total expenditures of local funds for crime laboratory activities remain constant.

Despite the fact that local funds were shifted from equipment to hiring, the amount of local funds that would, in the absence of state funds, be made available for crime laboratory activities has not changed.

3. State X’s initial FY21 appropriation for crime laboratory activities is sharply reduced due to an across-the-board cut in the State budget. This results in a hiring freeze. When State X receives state MCLUP funds, it uses the funds to fill 4 lab personnel positions that were included in the initial budget but were vacant due to the hiring freeze.

The total amount of State funds available for crime laboratory activities in State X has been reduced, but not because of the availability (or anticipated availability) of MCLUP funds.

Examples of supplanting:

1. For FY21, State Y budgeted \$50,000 in state funds to be used for renovation of the crime laboratory. Later in FY21, in response to the availability of MCLUP funds, the State determines that it will use MCLUP funds for the crime laboratory renovation, and will use the funds the State had budgeted for the crime laboratory renovation instead to provide health services for infants and children. No additional state funds were added to the State’s budget in any other crime laboratory category.

There would have been a decrease in the amount of funds that would, in the absence of MCLUP funds, be made available for crime laboratory activities.

2. For FY21, County A budgeted \$500,000 in local funds to be used for crime laboratory activities, including salary and benefits of 30 lab personnel. Later in FY21, in response to the availability of MCLUP funds, the County determines that it will use MCLUP funds for the salaries and benefits of 3 of the existing lab personnel, and will use the funds the County had budgeted for salaries and benefits instead to purchase new voting machines in preparation for the upcoming election.

There would have been a decrease in the amount of funds that would, in the absence of MCLUP funds, be made available for crime laboratory activities.

Documentation and Record Retention: If circumstances raise a question of possible supplanting, the state or unit of local government should retain whatever documentation is produced during the ordinary course of government business that will help substantiate that supplanting has not occurred. Depending on the circumstances, relevant documents might include annual appropriation acts, executive orders directing broad reductions of operating budgets, or city or county council resolutions or meeting minutes concerning budget cuts and layoffs.

- State Amount: enter the total amount of state financial assistance (i.e. grant monies, loan guarantees, property, cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance) received during the last audited period. (Unlike the Federal Amount that can be pulled directly from the last purchased audit report, the State Amount may need to be compiled through other means.)

Pursuant to grant policies developed by the Missouri Department of Public Safety, units of state and local government are required to have an organization-wide, independent audit if their unit of state or local government has expended \$375,000 or more in state funds (including, but not limited to, MCLUP monies) within the organization's 12 month turnaround reporting year.

**NOTE: Do not attach a copy of the latest audit at the time of application. A copy must be submitted within 60 days of the project period start date via the "Correspondence" component of the grant within WebGrants if the total reported in the State Amount field equals or exceeds \$375,000.**

If the applicant determines prior to the application deadline that **revisions are necessary to any form** of the submitted application, the applicant must **contact the Missouri Department of Public Safety by email prior to the deadline** to have the application unlocked. The email should be sent to [dpswebgrants@dps.mo.gov](mailto:dpswebgrants@dps.mo.gov) and should clearly indicate which form(s) to be re-opened for the necessary change(s). The applicant should

ensure the application is resubmitted by the application deadline. Once the application deadline has lapsed, the resubmitted application may be disqualified from further consideration.

If the applicant experiences unforeseen **technical WebGrants issues** beyond the applicant's control that prevent submission of its application by the deadline, the applicant must **contact the Missouri Department of Public Safety staff by email within 24 hours after the deadline** and request approval to submit the application. The email should be sent to [dpswebgrants@dps.mo.gov](mailto:dpswebgrants@dps.mo.gov) and must include a description of the technical difficulties, a timeline of submission efforts, a screenshot of the error code, and any other information as necessary to report the problem experienced. The Missouri Department of Public Safety will consider all submitted information to determine if the application will be accepted.

## POST-APPLICATION INFORMATION

### I. APPLICATION REVIEW:

A review panel of internal staff members of the Missouri Department of Public Safety, Office of the Director, Criminal Justice/Law Enforcement (CJ/LE) Unit will evaluate all applications.

In evaluating each application, CJ/LE will consider the following factors:

- ☐ Demonstration the proposed project fits within the parameters of the MCLUP Program.
- ☐ Demonstration of need including geographic location, local demographics, local statistics, other programs and/or resources available to the applicant agency, etc.
- ☐ Adequate correlation between the cost of the project and the objective(s) to be achieved.
- ☐ Overall description of the intended use of the grant funds.
- ☐ Demonstration that the MCLUP funds will not be used to supplant other federal, state, or local funds.
- ☐ Compliance with state statutory reporting requirements to include, but not limited to, Vehicle Stops and Federal Forfeiture reporting.
- ☐ Legally binding signature by the proper Authorized Official on the “Certified Assurances” form of the submitted application.

### II. FUNDING NOTIFICATION:

With the approval of the Director of the Missouri Department of Public Safety (or his/her designee), applicants will be notified via WebGrants of the decisions made by the review panel approximately 3-6 weeks following the review meeting. The notification will be sent from [dpswebgrants@dps.mo.gov](mailto:dpswebgrants@dps.mo.gov) to the person listed as the Primary Contact on the “General Information” form of the application.

Applications may be approved as requested, approved with revisions (in full or in part), or disapproved. Applicants will be provided with the rationale behind the review panel decisions.

Please be patient as the review process can be rather tedious and time consuming. Funding notifications will not be released through any other means than WebGrants so do not contact the Missouri Department of Public Safety to try to obtain information before it is released!

## IV. REPORTING REQUIREMENTS:

### A. Claims

Recipients of MCLUP funds are required to submit a monthly Claim report in WebGrants to verify actual cash expenditures and request reimbursement of those expenditures. A Claim report must be submitted each month, until the project is programmatically and financially completed, even if there are no expenditures to claim. Only one Claim report may be submitted per month.

Claim reports are due no later than the 10<sup>th</sup> day following the reporting period of each month. This deadline is subject to change only if the 10<sup>th</sup> falls on a state holiday or weekend, in which case the deadline is extended to the next business day. The following is the Claim report schedule:

Claim ID Number	Reporting Period	Due Date
001	06/01/2020 – 06/30/2020	July 10, 2020
002	07/01/2020 – 07/31/2020	August 10, 2020
003	08/01/2020 – 08/31/2020	September 10, 2020
004	09/01/2020 – 09/30/2020	October 13, 2020
005	10/01/2020 – 10/31/2020	November 10, 2020
006	11/01/2020 – 11/30/2020	December 10, 2020
007	12/01/2020 – 12/31/2020	January 11, 2021
008	01/01/2021 – 01/31/2021	February 10, 2021
009	02/01/2021 – 02/28/2021	March 10, 2021
010	03/01/2021 – 03/31/2021	April 12, 2021
011	04/01/2021 – 04/30/2021	May 10, 2021
012	05/01/2021 – 05/31/2021	June 10, 2021

Failure to submit the required report on a monthly basis, by the due date, may result in delay of reimbursement until the following month and/or cancellation of the subaward if the delinquency becomes problematic.

The Claim report will consist of the following five (5) forms:

1. **General Information** - - used to identify the reporting period (as outlined in the above schedule) and the type of report (monthly).
2. **Detail of Expenditure** - - used to identify the pay date, pay check number, payee, description, total cost, percent of funding requested, and amount claimed to grant for reimbursement per cost activity; this data is collected on an Excel spreadsheet and the file uploaded to the report form.

3. **Reimbursement** - - used to identify the State Share, as applicable, per budget line; the totals identified on this form are aggregate totals from the *Detail of Expenditures Form*.
4. **Program Income** - - used to identify any monies earned and/or expended as a result of the grant-funded project. Program income is revenue/income generated as a direct result of an agency-funded project. Program income must be used for the purposes of and under the conditions applicable to the award. Unless specified otherwise, program income shall be expended within the project period.
5. **Attachments** - - used to upload copies of documentation to support the expenditures, as required. The following documentation is required:
  - If requesting reimbursement for personnel, personnel benefits, personnel overtime, or personnel overtime benefits, documentation of such costs must be provided. This includes, but is not limited to, 1) a payroll report or paystub outlining the paid wages and employee deductions and/or employer benefits and 2) a rate sheet for any fringe benefit for which reimbursement is requested but not displayed on the payroll report or paystub.
  - If requesting reimbursement for travel/training costs, receipts must be provided. For meals incurred during travel, which do not require receipts under the state travel policy, a substitute document could be an employee expense report detailing the meal costs per day. In addition, a copy of the 'certificate of attendance' or similarly issued attendance record must be provided for training costs. If a certificate is not provided by the trainer, a memo or letter must be provided as a substitute.
  - If requesting reimbursement for equipment, a copy of the vendor invoice or receipt must be provided displaying the vendor name, order date and/or invoice date, the quantity, the item description, and the unit cost and/or extended cost.
  - If requesting reimbursement for supplies, operating costs, contractual costs, or consultant services, a copy of the vendor invoice or receipt must be provided displaying the vendor name, order date and/or invoice date, the nature of the costs, and the unit cost and/or extended cost.

**NOTE: The Missouri Department of Public Safety may request additional documentation be submitted with the Claim report for purposes of desk monitoring the reimbursement of expenditures. Each MCLUP subrecipient will receive a site visit during the project period (unless extenuating circumstances prevent such), but any documentation that can be submitted with the Claim will lessen the site visit burden at a later date.**

Reimbursement funds will be disbursed approximately the 25<sup>th</sup> day of each month. Recipients may track payments within the WebGrants system but obtain exact payment information through the Missouri Vendor Services Portal at <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>. Click "Vendor Payment" in the green toolbar. Select FEIN and enter your agency's Federal Tax ID Number (FEIN). You may then search for a payment by 1) Invoice Number, 2) Check/EFT Number, 3) Dollar Amount, or 4) Date/Location. The prefix of a Payment Number for MCLUP disbursements will be ER067.

## B. Status Reports

Recipients of MCLUP funds are required to submit quarterly Status Reports in WebGrants. These reports allow the Missouri Department of Public Safety to collect statistical information and monitor the progress/completion of the approved project.

Status Reports are due no later than the 10<sup>th</sup> day following the reporting period of each quarter, until the project is programmatically and financially completed. This deadline is subject to change only if the 10<sup>th</sup> falls on a state holiday or weekend, in which case the deadline is extended to the next business day. The following is the Status Report schedule:

Report ID Number	Reporting Period	Due Date
01	06/01/2020 – 08/31/2020	September 10, 2020
02	09/01/2020 – 11/30/2020	December 10, 2020
03	12/01/2020 – 02/28/2021	March 10, 2021
04	03/01/2021 – 05/31/2021	June 10, 2021

Failure to submit the required report on a quarterly basis, by the due date, may result in the delay of reimbursement until the report is received and/or cancellation of the subaward if the delinquency becomes problematic.

The Status Report will consist of the following two (2) forms:

1. **General Information** - - used to identify the reporting period (as outlined in the above schedule) and the type of report (quarterly).
2. **Crime Lab Report** - - used to provide statistical information for each discipline in the laboratory to include, but not limited to, the number of employees, number of submissions worked, average turnaround time, and number of submissions pending at the end of the reporting period. Subrecipients are also allowed to provide a narrative of information to describe work activities and/or areas of interest not reported elsewhere in the report and/or to provide any details necessary to explain responses in the report.

## V. SUBAWARD ADJUSTMENTS:

### A. Budget Revisions

A Subaward Adjustment for a budget revision must be submitted for the following requests:

- ☐ Transfer of funds from one budget line/category to another budget line/category to cover increases in cost

**NOTE: The Missouri Department of Public Safety allows Subrecipients to request reimbursement up to a 10% increase in the budget line without prior approval. For example, if a Medical Insurance line is budgeted for \$3,000, a 10% increase would account for \$300. Therefore, the Subrecipient can claim costs up to \$3,300 (so long as monies exist in the budget) without prior approval through a budget revision. Costs exceeding 10% will be subject to review by the Missouri Department of Public Safety and may or may not be allowed depending on the availability of funds and/or the length of project period remaining in the award.**

- ☐ Addition of a new budget line item in any budget category

- ☐ Increase in the quantity of a line item in any budget category (e.g. increase from 5 months to 6 months for medical insurance coverage, increase from the purchase of 2 laptops to 3 laptops, increase from the usage of 1 air card to 2 air cards)

Subrecipients shall submit a request via the “Subaward Adjustment” component of the grant within WebGrants in the event a budget revision is necessary. The Missouri Department of Public Safety will review the request and ‘negotiate’ the “Budget” component of the grant for edits if the request is allowable. Once all necessary edits are made, the Missouri Department of Public Safety will prepare a *Subaward Adjustment Notice* (Appendix C), which will be subject to review and approval by the Director (or his/her designee) of the Missouri Department of Public Safety.

**NOTE: A Subaward Adjustment for a budget revisions should be submitted at least 30 days prior to the proposed change and will not be allowed after March 31, 2021.**

The Missouri Department of Public Safety will review the request and follow-up depending on the type of program revision. Once all necessary documents are collected, the Missouri Department of Public Safety will prepare a *Subaward Adjustment Notice* (Appendix C), which will be subject to review and approval by the Director (or his/her designee) of the Missouri Department of Public Safety.

**NOTE: A Subaward Adjustment for a program revisions should be submitted at least 30 days prior to the proposed change and will not be allowed after March 31, 2021.**

Monitoring is designed to provide assistance to the Subrecipient both from a technical and programmatic standpoint, as well as to provide the Missouri Department of Public Safety with the necessary information to ensure the Subrecipient’s compliance with state laws, regulations, and guidelines.

Desk monitoring will consist of tracking telephone and email communication, as well as reviewing all grant documents and correspondence submitted to the Missouri Department of Public Safety. The Subrecipient may be required to submit monitoring information in writing to the Missouri Department of Public Safety, as requested.

Site visit monitoring will consist of a visit to the Subrecipient’s office(s) to review policies and other records, as applicable to the subaward. The Missouri Department of Public Safety will perform at least one site visit to each Subrecipient during the project period (or shortly thereafter if extenuating circumstances exist). A Site Visit Monitoring Report, which will be provided to the Subrecipient prior to the visit, will be completed by the Missouri Department of Public Safety during the site visit. The Site Visit Monitoring Report will be used as a tool to determine the progress of the project in achieving its purpose and ensuring the project is adhering to

program guidelines. The following information and records may be subject to review, as applicable, at the time of the site visit:
